PROFESSIONAL SUMMARY

Full Stack Developer (React + Laravel) based in the Canary Islands, a trained philosopher turned developer in 2023. 20 projects in production, from frontend to deployment, with judgment and an obsession for quality.

EXPERIENCE

- MAR 2026 – PRESENT

FULL STACK DEVELOPER · AGENCIA XPANDEX

PERMANENT · REMOTE

I build and ship web and mobile apps end-to-end (Astro/React/Next.js + PHP/Node) with CI/CD on GitHub Actions; I keep WCAG 2.2 AA accessibility, technical SEO and Core Web Vitals green before every release.
- NOV 2025 – MAR 2026

TECHNICAL ADVISOR · ISERVICES TENERIFE

TEMPORARY

Resolved technical incidents (triage, debugging and ticketing) and documented processes, communicating with users and internal teams.
- APR 2025 – OCT 2025

FULLSTACK WEB DEVELOPER · FREELANCE

Built React + JS/TS frontends and Laravel + PostgreSQL backends, with production deploys and GitHub version control.
- DEC 2023 – APR 2025

CROSS-PLATFORM MOBILE DEVELOPER · APPMYPETS (REMOTE)

Built an iOS+Android app in React Native + TypeScript over 16 months, integrating a NestJS/MongoDB API in an agile team.
- DEC 2023 – MAR 2024

SOFTWARE DEVELOPER (INTERNSHIP) · TCA-TIK (REMOTE)

Implemented a multi-warehouse inventory system in Laravel, optimizing SQL queries and documenting the project.
